

MASANA

library project

Sharing light, literacy, leadership,
and love with learners — one book
at a time.

ABOUT US

"Masana" is a Xitsonga word for sunshine/ sun rays/ warmth of the sun. The Masana Library Project is an initiative which aims to make the future of learners brighter by improving their education where possible.

The core value of The Masana Library Project is information sharing. This can be done through books, but it can also be done through mentorship. The dream is to have a fully-fledged library with its own computers and a full-time librarian, programs and workshops that run throughout the year, and vibrant reading student body. We are constantly looking for ways to make the book 'come alive', and to show learners how words impact our lives.

VISION

SHARING LIGHT, LITERACY,
LEADERSHIP AND LOVE WITH
LEARNERS — ONE BOOK AT A TIME.
